

ADVANCED ENERGY SOURCE WITH "PUMP" EFFECT

Iso Nitro Plus

- Cutting-edge isotonic drink
- With active ingredients that improve oxygenation
- Contains Cluster Dextrin®, Vinitrox™ and Oxystorm®

Cluster Dextrin®
New Energy Source for Athletes

OXYSTORM®

Iso Nitro Plus

Advanced energy source with pump effect

- Cutting-edge isotonic drink
- With active ingredients that improve oxygenation
- Contains Cluster Dextrin[®], Vinitrox[™] and Oxystorm[®]

With **Iso Nitro** by Victory Endurance, you can have an advanced isotonic drink extremely easy to digest and extra key ingredients with vasodilating effects.

With an excellent absorption rate, this isotonic drink provides the ideal amount of energy during long workouts. A number of its ingredients have been chosen to create a pump effect and support muscle oxygenation during physical activity. It will give you the extra oomph you need to get further just when you most need it!

Ingredients:

- **Cluster Dextrin[®]**: This is a patented compound of highly branched cyclic dextrin. This innovative type of dextrin is made from amylopectin through a unique process that gives it a high molecular weight but very low osmolarity in comparison with other carbohydrates. Its unique structure allows faster absorption, even faster than amylopectin.
- **Oxystorm[®]**: Is a compound extracted from amaranth, one of the greatest natural sources of nitrate. Nitrate has vasodilating effects which support muscle oxygenation during physical activity when you most need it.
- **Vinitrox[™]**: This ingredient with vasodilating action is formed combining two completely different natural extracts: grape (*Vitis vinifera*) and apple (*Malus pumilla*). Together they form a fruit compound with an exceptional content in polyphenols. Vinitrox can help you make a difference, especially when muscles are already fatigued and they need extra oxygen to keep up the rhythm.

ISO NITRO PLUS: Rehydrates, replenishes and reactivates your body quickly. Try its refreshing flavor with the most sough-after effect!

Ingredients: 31.4% highly branched cyclic Dextrin¹, Maltodextrin, Fructose, 5% L-Leucine, Acid: Citric Acid; Potassium Phosphate, 2.5% L-Isoleucine, 2.5% L-Valine, Flavouring, Sodium Chloride, Magnesium Citrate, 0.7% Beetroot Extract, 0.7% Inca Wheat Extract² (*Amaranthus Hypochondriacus*), 0.4% Fruit Extracts³ (Grape and Apple Skin Extract), Sweeteners: Sucralose, Acesulfame K, Emulsifier: Sunflower Lecithin.

May contain traces of milk, gluten, soy, egg, fish, crustaceans, sulphites and mustard.

INSTRUCTIONS FOR USE: Mix 40 g powder (1 measuring scoop) with 500 ml water.

PRESENTACIÓN BOTE: 500g (14 Servings)

FLAVOUR: Blood Orange.
