With its flawless nutritional values, our Mango Madness RTD is the perfect addition to your healthy lifestyle – either pre, intra or post workout, or whenever you need a delicious refreshment throughout the day!

Whey protein is among the absolute best protein sources, as it features a very high biological value and a balanced amino acid profile. Whey protein is naturally rich in both essential amino acids (EAA) and the branched chain amino acids (BCAA: L-leucine, L-isoleucine & L-valine). The EAAs cannot be endogenously synthesized by the human body and need to be regularly ingested through protein-rich food sources. Whey protein isolate is the purest form of whey, with most of the fats & carbohydrates being eliminated during processing.

Being high protein, our delicious Mango Madness drink contributes to the maintenance and growth of muscle mass, which makes it the ideal drink for health & calorie conscious people as well as recreational or professional athletes. Furthermore, the refreshing drink is a perfect match for every training phase and goal – from a calorie-reduced weight loss diet to an old-school bulking phase

At WEIDER, our mission is to provide you with the best nutritional supplements, so you can perform at your best, live a healthy life & reach your personal goals. With 85 years of experience in this industry, we have come to understand the importance of using only the highest quality, most trusted ingredients in all our products.
